RESOURCE CONSERVATION AND RECOVERY ACT (RCRA) CLOSURE PLAN FOR
BUILDING 123 COMPONENTS OF RCRA UNIT 40 REV. 1 - KAD-030-98

The purpose of this letter is to request that the DOE forward the RCRA Closure Plan for Building 123, Revision 1, (Attachment 1) to the Regulatory Agencies for approval. Also attached, is a redline/strikethrough copy (Attachment 2) of the Closure Plan, and a Summary of Changes (Attachment 3).

Modifications to the RCRA Closure Plan were made in order to maintain consistency between the Building 123 Proposed Action Memorandum, the RCRA Closure Plan and actual operations. The redline/strikethrough copy is being provided so that DOE and CDPHE can readily determine both the extent and context of the proposed changes.

If you have any comment or questions, contact Kent Dorr at X6034.
